Level 21: Alpha Veil - The Beginning Aspects of All Veils

When information was coming in with this work, we kept saying that we have done this before but the guides kept telling us that it was a layer beyond the work that has been done before. All aspects of all veils make up this veil. We have gone through and cleared the Veil of Fear, Veil of Illusion, you have cleared your body of emotions that have been stored like anger and pain and any issues that you as an individual have gone through or are going through.

The Alpha Veil moves throughout and around your physical body in a serpentine fashion **depositing seeds of resistance** that you will eventually need to deal with. If you are very vulnerable, this veil can actually attach itself to one or more of your major or minor energy centers (chakras). When this happens, it will feel like you are stuck and you will know that you are stuck and unable to go forward. If you allow yourself to remain there, you will find yourself getting angry and irritable just by being around other people.

You can compare this veil to the origin of sin. We all have heard the story of Adam and Eve, the Biblical history of what took place and the progression unto this day. There have been many interpretations of that history. We each carry within our auric field the actual accounting of how those times transpired. What would happen if the source to the original sin was removed? We should have better access to the energy known as God/Source consciousness. This veil remains elusive and is in a constant state of movement around your body depositing anger issues, ego issues, pain, in other words, it messes with our body, mind, and spirit all the time.

As this veil is removed, you will realize that there is truly one God/Source, one unified consciousness. You awaken to a new "YOU", and a new bliss and peace that remains at a distance until you come back to center. Your ego and other emotions may come into play and you need to remain balanced and centered as you process whatever comes up. You may sense these emotions, ego, pain, etc. as color and you continue to brush these things away. There will be a light at the end of this tunnel or experience, more brilliant than ever before.

We have progressed through many levels of work, dealt with issues from this lifetime and other lifetimes with our vibrational rate increasing as we cleared each obstacle. We are now ready to

make a higher vibrational connection with God/Source than ever before. Words cannot describe the feeling and emotions that come up after making this connection, it is like a sense of belonging that we have personally never felt before. Remember, that as your vibration goes up, your connection to Mother Earth needs to increase also.

This level of work is very elusive and cannot be removed by one's own intent. It is as though we can't see the forest through the trees. It is difficult not only to pin point, but it is difficult to find and actually see. You have to know what to look for; because of the "tricksterness" of the veil **many, many, many** illusions are present. The cost of this level is \$729.00.
