Level 43: Multi-Dimensional Levels of DNA

We are evolving, Are you beginning to remember? It seems that we as human beings are not built for total spiritual recall or are not built to have all the information at one time. Little drops of information flow through the “Veil of Fears” at a steady pace but not in a logical sense or sequence and we have to be paying attention to determine if the minuscule drips of information rings true to us.

What do you have in your body that is believed to be a blueprint for your life? DNA. It is totally explained by science through the chemistry and biological processes. We are now learning that there is a lot more to DNA than scientists can see with their physical eyes. There are components and attributes of our DNA that are simply invisible to the normal person. Scientists do not have the instruments to measure the multi-dimensional fields of energy. Multi-dimensionality is here now, today and we experience it in many different ways. Gravity is a multi-dimensional force. Magnetism is also a multi-dimensional force. Light also has components of it. All things that are invisible and unexplainable to you at the moment but like so many other things you use it every day and your bodies are also part of multi-dimensionality. There are multi-dimensional spiritual attributes with DNA that are quantum. The majority of the chemistry that you can see in the Human Genome is in a quantum state. There is evidence of it within the puzzle of the Human Genome.

The DNA in our body carries with it a tremendous amount of unseen information and energy. Around seven years ago we wrote about the Carotid Gland and it is now time to look at it again. As our vibrational rate increases this gland has been shifting and changing along with us. In order for your DNA to transform to its next level some tweaking needs to be done to the Carotid Gland to receive the information stored in the multi-dimensional DNA.

Why would you want to do this level of work with us? At this point in time you do not have access to all the levels of your DNA. After the work is done with the Carotid Gland, you can awaken your DNA. You can open the doorway to the spiritual things that you have studied and learned in the past and this will be yours again.

Within the layers of DNA are additional pieces of the “God Within.” An imprint of your higher-self is there. Your angelic name, vibrates profoundly, that is sung in light. Your DNA is beautiful and loving. **Cost: \$333.00**

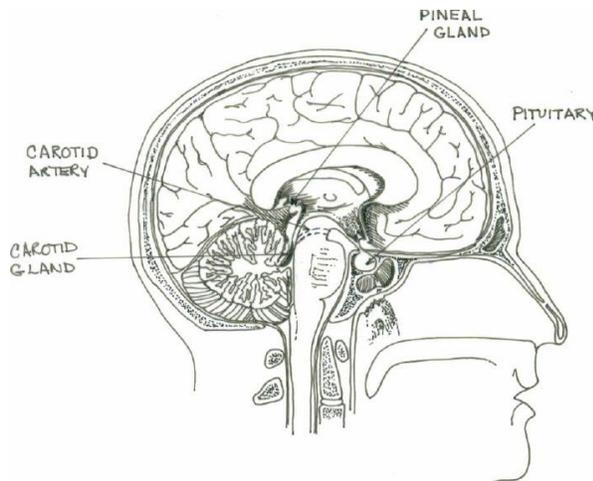

(Keep in mind, no one can activate your DNA, only you can as your vibrational rate increases.)

For your information.... Here is a little write-up on the carotid gland with a diagram Loren drew:

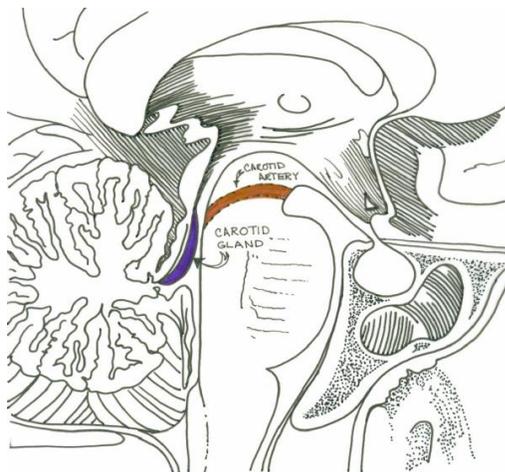

Carotid Gland

In our left brain studies the past few years, we have found rumblings of a new gland physically appearing or making itself know in some individuals. It seems as though medical scientists/researchers as well as metaphysical scientists/researchers have been simultaneously discovering in some brains a new gland aptly called the carotid gland.

Following the cerebral branch of the internal carotid artery at the choroid plexus, which is located in the roof of the 4th ventricle, you will find the energetic Carotid Gland. The Carotid Gland is manifesting into a physical gland in individuals doing clearing work in this lifetime on the body, mind and spirit. This gland is truly the master gland of the immortals.
