**From our state of deep thought or dreamy abstraction.**

**No. 17, July 2004**

Hi Folks,

This will be the equivalent of the July Newsletter... from now on, we will notify you when it will be posted on the website. We will be going on our sabbatical towards the end of July, but new work has “come through” and we want to offer it before we go “incognito” for a bit. This new work is a powerful closure (but not ending) for us right now. It helps a person find a state of grace to live in. This work has to be done person to person via a phone consultation...

## The State of Oneness

Have you ever experienced that moment in time when you just knew you were “one” with the ALL? That moment when you knew you were connected to *Mother Earth/God/Source/Universal Flow*? Sometimes it happened during prayer, meditation, being quiet; sometimes it happened during a walk or a drive; sometimes it happened outside in nature, but sometimes it happened inside.. BUT it was that moment when all is connected... you just “feel” it. *You are in a state of oneness with all that is.* You are vibrating all together.. all parts of you are “in sync”.... that moment of pure bliss, of pure balance, that moment when all is well; all is peaceful..... At that moment, all the outer worlds of you have aligned with all your inner worlds.... *Mother Earth is in balance with the universe...* You have more clarity, a clearer and more quality channel of energy. How can we learn to sustain this congruency? How can we “live” in this state? How do we get there? This is a point of Triple Point (body/mind/spirit).. vibrating with your outer world (auric field).... Where you are in true balance; where you can be nonjudgmental, but yet compassionate; where you can model this behavior without saying a word. This is a step beyond the “Gold Light Exercise” we have taught for years... We can guide you through a process to get to this state of “oneness”. This work is NOT dependent upon any of our other work... it is a “stand alone”.. actually for anyone. This work brings the lower vibration of the physical body up to the higher vibration of the higher self. (Instead of the old example of two tops spinning.. the top spinning the fastest will always slow down to the slower speed .... This work reverses this... from higher to slower TO slower going up to the higher.)

We are busily getting ready to start “finally” finishing up the book we have been writing the past couple of years and have outlines for a couple of more... It will be nice to be able to spend full time on this. We will, of course, still be available via email, but for the

most part will be concentrating on getting out information in some “readable” form. We are also going to be putting the Gold Light exercise on CD for people to use. Some people seem to think they need the sound of Loren’s voice.

If you have not had the Orb work done. This is also something you need to consider. Our clients that have had this work done are continuing to rave about it.

Have a Happy Fourth.....

Signing off for now,

Loren and Diane
