No. 22, December 2005

Hi All,

We have had quiet an adventure since our last newsletter. You know the term, “When life serves you lemons, make lemonade.” Well I think we have had enough lemons to make a pie.

Some of you know that on October 31st, Diane went into surgery for a total left knee replacement. The surgery went well and she did well for a couple of days and then everything went south. On Wednesday she started to feel sick and nauseous leading to problems breathing. She ended up passing blood clots to both her lungs and heart. She was moved to the cardio floor of the hospital because they thought she had a heart attack or pulmonary embolism, neither of which sounded good to me. Diane was being prodded and poked and was being tested for everything known to mankind. Her blood pressure and blood count dropped. It took five pints of blood to get her blood count up to a safe range.

While this was going on, a physical therapist came in and aggressively manipulated Diane’s leg, which caused her leg to bleed internally. Her left leg swelled up to an enormous size. The cartoon image of staples popping out of her leg came to mind.

Needless to say, Diane spent a total of eleven days in the hospital and is home now recovering, drinking lemonade and eating lemon meringue pie.

12:12 (December 12,2005)

The vibratory key of 1+2 is the energy signature for a Convergence of Polarities, resulting in the manifestation of a Convergence Point, or Magical Child... the third point of a triad.

When this energy signature appears on both sides of the Veil of Fears (12:12), the resonant power flux absolutely goes off the chart! This is what occurred when God merged with and filled the womb of Mother Mary, and it is what happens every time two (previously) separated aspects in 3D Space choose to return to our Home State of Universal Oneness.

The heart of the 12:12 Activation is the blending of human and divine DNA, for purposes of expanding the experience of BOTH SIDES of the Agreement! The belief that humans are merely “handmaidens” of the Lord is borne of Separation Consciousness. We are

COSMIC CHRIST MANIFESTATIONS, each within our own created universe and worthy of much awe and respect.

This portal or gate is closely linked with Level Eleven: State of Oneness. For those of you who have not had this level done, it would be a good time to consider this level. To read about this level you can go to our website, www.drsmick.com to read about this level.

Some sources are calling December 12, 2005 (3+3+7=13), THE THIRTEEN GATE, The Fullness of All, made manifest in human form. The 13 Gate vibrates to the number “4,” which is Earth Resonance: Four directions, Four Elements, Four Seasons.... And now: Mother, Father, Spirit, Child, (Earth, Air, Fire, Water). The Divine Feminine takes Her place alongside a Heavenly Husband once more. This is another way to balance you. This will be happening inside each of us that are open to receive this.

Another source tells us the all the people on the planet will receive gifts of spirit according to their intention and the focus of the path they are walking. Take a moment this coming Monday, December 12, to attune to the ascension flame in the Great Pyramid of Egypt – imagine the flame leaping from one pyramid to the next through space and time across the world. The light flaming on Earth on December 12 will give seekers of truth the biological keys to mastery and freedom.

Balance

We have talked many times before about being in balance or centered or neutral. I was reading in the Reconnections newsletter and they put this a different way. They stated that, “You walk a fine line between God as healer and God as Slayer.” In truth, you are walking a fine line between EVERYTHING and EVERYTHING ELSE. You are Bridge People. Your task is to place one foot on *this side* of the Veil of Fear, and the other foot on *the other side*, so that a balance can be struck. If one cannot (or will not) strike this balance, he could be considered spiritually sterile – or, on the other hand, an agent for some extreme faction that has somehow become present within a Oneness Resonance, yet refuses to join with it.

If a bridge is to serve its proper purpose, it must be firmly anchored on BOTH SIDES, so as to present a stable means of crossing for those who venture out upon it. This means that you must have access to tools and resources, so as to adequately operate in the World of Form, and you must also be able to traverse easily through the highways and byways of the Multi-universe, so you have something new to offer the transforming people of Earth.

Joy Symbol (feedback)

As one client wrote, “This Joy Symbol work is slowly sinking in. It’s not how this Joy attunement will allow me to be a happy person... It’s more about choosing to go deep within and create the joy vibration and bring it outward into my life and to the rest of the

world. You didn't tell me that this attunement would simplify and complicate my life both at the same time. So my life's purpose is to simply be joy-full... I guess it beats being bored and grumpy..." C

So... How do we exist during this weird period of time with all the strange energies bombarding us from all directions?

Keep doing the Gold Light exercise, think your body bigger, breathing, drink water, eat foods that you know will not upset your digestion, stay centered and focused, think your body open, the main thing is to not resist the energy as it is flowing through you.

So what will assist you as you incorporate this new energy and vibration into your essence?

All of the different levels of work would assist your process, especially Level 11. The Joy Symbol work and Reconnection to Home Star System seem to stand out with the **Other Work** that we do. Again you can read about our work on our web site www.drsmick.com.

Information is formulating as we write this newsletter about new work that is coming through. We hope all the pieces come together so we can introduce it to you soon. (Isn't that a nice teaser?)
